Program Description

This grant is intended to support the operating costs of the Cal Ripken Sr. Foundation, a non-profit organization established to commemorate the legacy and character of Cal Ripken, Sr. by upholding the core principles exemplified by Cal, Sr. during his time as a dedicated coach and mentor. These principles include leadership, a strong work ethic, personal responsibility, and promoting a healthy lifestyle. Through their programs and initiatives, they strive to carry forward these values and make a positive impact on the lives of individuals and communities they serve.

Through the Ripken Foundation STEM Center Program, the Foundation provides at-risk youth with engaging STEM learning opportunities in a structured environment. With the assistance of trained teachers and mentors, the foundation ensures that science, technology, engineering, and math become compelling and enjoyable for young learners. Through well-implemented and high-quality out-of-school programs, elementary and middle school-aged youth have the chance to participate in STEM initiatives, which yields a wide range of positive outcomes. These include improved reading and math scores, heightened self-esteem, increased school attendance, and reduced dropout rates.

Use of Funds

This is a one-time grant for Fiscal Year 2024 for operating expenses. Approved program expenses will be reimbursed upon submission and approval of an invoice with supporting documentation (i.e., receipts, purchase orders, contracts, etc.).

Funds may be used to:

- Support operating expenses related to STEM program delivery;
- Salaries and fringe benefits for STEM program staff;
- Purchase materials and supplies to support student engagement in STEM programming;
- Support transportation costs for students and educators participating in STEM programming;
- Provide services for student support related to participation in STEM educational programming; and
- Operating costs of the organization.

Funds may not be used for:

- Construction of temporary or permanent structures, or
- Food or meals.

Program Requirements

The Fiscal Year 2024 Operating Grant to the Cal Ripken Sr. Foundation is to support the ongoing operation costs of the Cal Ripken Sr. Foundation and ensure continued education services to students and teachers in Maryland. The application for funding must include information about the services to be supported by the funding as well as the outcomes expected.

Application Requirements

COVER PAGE

Applications must include the prescribed Cover Page provided in the application for participation that includes a project statement. The project statement should briefly describe the educational program, how it will be implemented, and the intended outcome(s). Do not exceed the 100-word limit.

EVIDENCE OF IMPACT

Applicants must describe how the educational plan will lead to the desired impact. Discuss your history of impact on the target population, what has or has not worked, and your track record in success. Provide data to support these claims.

EXTENT OF NEED

Applications must describe the conditions or needs to be addressed through the Fiscal Year 2024 Operating Grant to the Cal Ripken Sr. Foundation. Describe how the operating grant funds will address the problem.

GOALS

Applicants are required to set overall goals for the educational program. The goal(s) should address the impact your program will have on the students it serves. Goals should be specific, measurable, ambitious yet attainable, realistic, and time bound. At least one educational goal must be set for the program. A sample goal is below:

Sample goal: By June 30, 2025, an additional 1,500 students in grades K – 5th and 50 educators will be served in the Eco Explorers Program.

EDUCATIONAL PROGRAM

Describe the STEM educational program that will be provided to students and teachers in Maryland as a result of this Operating Grants to the Cal Ripken Sr. Foundation.

EVALUATION

Evaluation is an important part of determining the success of the program. Applicants will be required to describe what success will look like and the criteria that will be used to determine and measure success at the end of the grant period.

KEY PERSONNEL AND TIMELINE

Grantees are required to include a list of the staff or personnel responsible for the successful implementation and monitoring of the grant requirements. Applicants are required to complete the following management plan chart as part of the proposal.

Name	Title, Partner Organization	Responsibilities	Time Devoted

A project timeline tells the reader when key activities will take place during the grant period. Applicants should consider all of the key tasks or activities that need to be carried out to implement the program successfully, whether each task can realistically begin and end in the proposed time frame, and how long each task will take to complete.

Key Activities	Individual Responsible	Time Frame / Date

Budget and Budget Narrative

It is required that an itemized budget and budget narrative is submitted to ensure that costs are necessary, reasonable and cost-effective. The itemized budget form (C-1-25) can be accessed through the [MSDE Grants webpage](#). There will be space for applicants to provide the program’s budget and budget narrative including line-item cost justification. All costs described in the program narrative should appear in the C-1-25. See a sample budget below:

Salaries & Wages		
Item/Description	Calculation	Total
Weekly janitorial sanitization and disinfecting of exhibits, approx. 30 weeks of student programming	10 cleaning staff x \$600 weekly x approx. 30 weeks	\$180,000

Supplies & Materials		
Item/Description	Calculation	Total
Office supplies for key personnel and staff for coordination and administration of field trips	Printer cartridges (\$1,000) and paper (\$500)	\$1,500

Scoring Rubric

Areas	Level 3 Exceeds Criteria	Level 2 Meets Criteria	Level 1 Does Not Meet Criteria
Evidence of Impact	All requirements listed under the meets criteria are met. In addition, there is a plan to continually evaluate the impact of the program and adapt as necessary.	The applicant discusses prior success implementing an education program for students and how the proposed activities will lead to the desired impact on the population.	There is no evidence that the proposed program will lead to the intended impact. No data was cited to back up claims.
Extent of Need	A needs assessment was conducted that identifies multiple related problems. Both quantitative and qualitative data are presented that aligns with the identified problem.	A needs assessment was conducted that identifies a problem and provides data to demonstrate a need.	No needs assessment was done, or they failed to identify a problem. The applicant provides a problem, but the data presented does not align to the problem.
Goals	All requirements listed under the “meets” criteria are met. In addition, goal(s) are ambitious, and there is an explicit connection to the initiatives in the Blueprint for Maryland’s Future.	The program goals are clear, measurable, and time bound. Goals are aligned to the state’s curricular goals and standards.	Program goals are not clear, measurable, time-bound, or attainable. Goals do not align with the state’s curricular goals and standards.
Educational Program	Proposed activities are innovative, evidence-based, and likely to provide students with a unique learning experience. There is a robust plan to reach new schools and expand access to underrepresented populations.	Proposed activities are evidence-based and meet the educational needs of schools. There is a plan to reach more students and teachers.	Proposed activities are not evidence-based and/or are not based on the needs of schools. There is not an explicit plan to reach more students.

Areas	Level 3 Exceeds Criteria	Level 2 Meets Criteria	Level 1 Does Not Meet Criteria
Evaluation	There is an evaluation plan that includes clear questions, a description of proposed data instruments, collection processes, and analytic methods aligned to the goals. There is a plan to extend evaluation beyond the grant period.	There is a plan for how the applicant will measure the success of the educational program. Evaluation measures align to the extent of need and the stated goals.	The evaluation plan does not measure the success of the program and is disconnected from the goals and plan of operation.
Key Personnel and Timeline	All requirements listed under the “meets” criteria are met. In addition, there is a detailed timeline established for each phase of the program (including planning and evaluation) and lists the key personnel responsible.	The names, titles and responsibilities of personnel are provided, as well as and the percentage of time they will dedicate to this program. There is a timeline for all key activities.	Key personnel information is incomplete. The timeline is either missing or does not include dates for all activities.
Budget	All requirements listed under meets criteria are met. The budget includes sufficient resources for successful execution of the proposed education program.	The budget reflects all program activities. The costs are reasonable, allowable, allocable. All line items contain the calculations used to derive the expected cost. There are no mathematical errors.	The budget does not reflect all program activities. There may be missing calculations and/or mathematical errors.
